WELCOME TO ACE

Established in 1999, Ace has evolved into one of the leading providers of management education in the country. Over more than two decades, we have established ourselves as a premier institution dedicated to enhancing the capacity of individuals and institutions in Nepal to contribute to the nation's development.

With a strong emphasis on practical learning, industry collaboration, and ethical leadership, Ace has consistently maintained high academic standards and a forward-looking educational approach. Through its commitment to quality education and capacity building, Ace continues to strengthen its legacy while empowering individuals and institutions to contribute meaningfully to the nation's sustainable growth and progress.

OUR ALUMNI

Our alumni continue to uphold and shine with the proud legacy of Ace. Their achievements and contributions reflect the values, excellence, and integrity nurtured within our institution. They remain ambassadors of Ace, carrying its spirit forward with distinction and pride.

From study sessions to lifelong memories, Ace has been more than an institution to me; it has been my home, quietly shaping my growth, and confidence. Every corner now holds a memory to be revisited with warmth, gratitude and nostalgia that will always remain.

Suprina Silwal
BBA, Class of 2026

MESSAGE FROM THE PRINCIPAL

It is a pleasure to share a few words as we present another edition of Aceperience, the official newsletter of Ace Undergraduate School. Every edition of this publication is more than just a collection of articles and photographs; it is a reflection of the energy, creativity, and experiences that define life at Ace.

My sincere congratulations to the editorial team for the time, thought, and commitment they have invested in bringing this edition together. Producing a newsletter is never just about writing stories; it is about capturing moments, celebrating achievements, and preserving memories that become part of our shared journey.

I hope our readers enjoy these pages and find in them a glimpse of the many ideas, accomplishments, and experiences that make our undergraduate community so vibrant. My best wishes to the entire team, and I look forward to seeing Aceperience continue to grow with every new edition.

Best wishes,

Dr. Ashish Tiwari
Principal/ Director

MESSAGE FROM THE UNDERGRADUATE TEAM

Mr. Ramesh Kumar Chauhan

Director
Undergraduate School

Congratulations on another insightful edition of our newsletter. Your dedication to highlighting the activities and achievements within Ace community is truly commendable. Wishing you continued success in your endeavors to inform, inspire, and connect us all. Keep up the fantastic work!

Mr. Rajat Bajracharya

Associate Director
Undergraduate School

The culture at Ace is vibrant, innovative, collaborative, and student-empowered. It is inspiring to witness our students continuously push boundaries, showcase their talents, and create meaningful impact through academics, extracurricular activities, and leadership initiatives.

Our co-curricular and extracurricular activities reflect the passion, creativity, and unity that define our institution. I extend my heartfelt appreciation to everyone who contributes to making Ace a dynamic, inclusive, and inspiring learning environment.

Ms. Archana Shakya

Program Manager
Undergraduate School

Wishing the Ace Newsletter Team the very best for all your upcoming editions and creative endeavors. May your hard work, dedication, and ideas continue to inspire, inform, and make a lasting impact. Keep shining!

Ms. Bimala KC

Program Manager, Student Services
Undergraduate School

Congratulations to the Newsletter Editorial Team on the successful release of the 5th edition of the Ace Newsletter. The newsletter continues to serve as an excellent platform for showcasing the talent, achievements, and vibrant life of our college community.

Your hard work, creativity, and dedication are truly appreciated. Wishing you continued success and all the very best for future editions.

MESSAGE FROM THE UNDERGRADUATE TEAM

Mr. Ayush Dhital

Program Manager
Undergraduate School

The latest edition of Aceperience Newsletter highlights the amazing talent and dedication of the editorial team. It is wonderful to see our students taking the initiative to create a publication that informs, connects, and inspires the community. Wishing the team even greater achievements in the future.

Ms. Romi Nakarmi

Program Officer, Student Services
Undergraduate School

Heartfelt congratulations to the team on the successful publication of the 5th edition of Ace Newsletter!

Your dedication, hard work, commitment to excellence, and creativity throughout the publication are truly commendable. May this achievement inspire you to continue exploring new ideas and embracing creativity with even greater confidence.

Best wishes to the entire team for future editions and continued success ahead!

SKIN ANALYSIS, DENTAL CHECKUP & BLOOD DONATION CAMP

On May 12, 2025, the Ace Sustainability Club organized Ace Health Camp, recognizing the importance of health and well-being. As young people often tend to overlook their health, the club aimed to raise awareness about the importance of maintaining a healthy lifestyle.

Ace has been conducting such health camps for many years, continuing a tradition of promoting health awareness within the community. This year, the club collaborated with the Leo Club of Kathmandu Samarpit, Lions Club of Kathmandu Samarpit, Samaj Dental, and True Derma. The LEO Club partnered in organizing the blood donation drive, the Lions Club conducted eye checkups, Samaj Dental provided dental checkups, and True Derma offered skin checkups.

The health camp proved to be highly productive and impactful. Participation this year included 29 individuals for blood donation, 142 for dental checkups, 92 for eye checkups, and more than 63 for skin checkups. The strong turnout reflected a growing awareness of health and well-being among participants and highlighted the success of the initiative.

“Being a part of the Ace Health Camp was truly a meaningful experience. It was inspiring to see Ace continuously working towards spreading health awareness and encouraging people to prioritize their well-being. I am grateful to contribute and support such a productive and impactful initiative.”

Ritika Agrawal, Ace Alumni

ACE ATHLON 2025: A Celebration of Sports, Unity and Change

Ace Athlon is a significant sporting event conducted every year by Undergraduate students of Ace Institute of Management. Athlon, previously known as “Ace Sports Week,” was officially rebranded as Ace Athlon in 2025, under the suggestion of Mr. Rajat Siddhi Bajracharya sir, giving the program an accurate and stronger identity and a more energetic spirit. Conducted from April 30 to May 16, the event successfully brought together students from different semesters and backgrounds through the excitement of sports, teamwork, and healthy competition.

Athlon kicked off with fun games like tug of war, spoon race and sack race which was conducted in the Ace courtyard itself. This was done to get the students’ attention and let everyone know that Athlon has started, and it worked incredibly well. The following days were allocated for one sport every day.

One of the biggest highlights of Athlon 2025 was the introduction of a new and exciting event. For the first time in Ace sports history, a swimming competition was organized, which received encouraging participation. Another major addition was the inclusion of E-sports, like PUBG and FIFA within Athlon. E-sports used to have different events for itself but because of it being conducted in isolation, it didn’t get the attention E-sports deserved. E-sports was merged in Athlon which brought a modern and inclusive touch to the event and attracted enthusiastic participation from students who may not traditionally participate in physical sports. Along with these additions, sports like futsal, basketball, cricketsal, badminton, chess, table tennis, tug of war, sack race, and spoon race created an energetic atmosphere throughout the event.

Ace Athlon 2025 became more than just a sports event. It brought students together, created memorable experiences, and contributed to the college culture in a meaningful way. The continuous support and guidance of Mr. Raju Shrestha, Sports Coordinator, were instrumental throughout the event.

Ace Athlon 2025 successfully lived up to its vision of being more than just a sports competition, it became a celebration of passion, energy, and unity within the Ace community. The memories, friendships, and lessons gained from this experience will remain special for everyone involved, and it has set a strong foundation for future editions of Ace Athlon for the batches to come.

ACE BIZ FEST 2025

Ace Biz Fest 2025 was organized on June 19 and 20, 2025, by the students of the 8th semester at Ace Institute of Management. The event focused on creating and operating startup businesses, providing students with an opportunity to transform their innovative ideas into real-world ventures. As part of Ace's commitment to experiential learning, the event enabled students to gain practical exposure and a deeper understanding of how businesses operate in the real world.

A total of 12 startup businesses were set up within the Ace premises. Students took full responsibility for managing various aspects of their ventures, including product development, marketing, food preparation, stall setup, customer service, and financial management.

This hands-on experience allowed them to develop essential entrepreneurial and managerial skills. The stalls featured a diverse range of products and services, including food, beverages, accessories, and clothing. Popular brands such as Shandar MoMo, Mr. Waffles, Bombay Express, and Kothey's attracted a large number of visitors throughout the event.

The event was highly engaging, educational, and enjoyable, allowing students to apply classroom knowledge in a practical setting while creating memorable experiences before graduation. Overall, Ace Biz Fest 2025 served as a successful platform for fostering entrepreneurship, innovation, and experiential learning.

"As a junior, Ace Biz Fest 2025 was truly inspiring to witness and learn from, as seniors turned their ideas into real businesses. It gave us a clear picture of how practical learning and teamwork come together in the business world. We feel motivated and excited to participate in such an amazing event in the coming years."

Priyanka Neupane, Student, BBA

ECOLENS REEL-MAKING COMPETITION

As part of Environment Month celebrations, the Ace Sustainability Club organized the EcoLens Reel-Making Competition on June 15, 2025. The competition encouraged participants to create meaningful and creative reels highlighting environmental themes and promoting awareness about environmental conservation.

A total of 10 participants took part in the competition, showcasing their creativity and unique perspectives on environmental issues. Three winners were selected and awarded medals along with cash prizes. The competition was judged by Abhinav Bajracharya, a renowned content creator and influencer with over 48.5k followers on Instagram.

Rishu Mishra from 8th semester secured first place and received a cash prize of Rs. 8,000. Unisha Shrestha from 4th semester was awarded first runner-up and received Rs. 5,000, while Sarwashree Bhattarai from 2nd semester secured second runner-up and received Rs. 3,000.

The competition was both engaging and inspiring, providing students with a platform to express their creativity while raising awareness about environmental sustainability. The outstanding quality of the submissions and the enthusiasm of the participants contributed significantly to the success of the event.

“The EcoLens Reel-Making Competition was a wonderful platform to showcase creativity while spreading awareness about the environment. Every participant presented unique and meaningful ideas through their reels. The event was fun, inspiring, and truly enjoyable for everyone involved.”

Priyanka Agrawal, Event Organizer

On Thursday, July 3, 2025, Ace Institute of Management successfully organized Entrepreneurial Yatra 2025 at the Ace Auditorium with the objective of fostering entrepreneurial awareness and industry-oriented learning among students. The event brought together aspiring entrepreneurs, industry leaders, and students on a common platform to exchange insights, experiences, and perspectives on entrepreneurship, innovation, and business development in today's dynamic market environment.

The session provided students with valuable exposure to real-world entrepreneurial practices and enhanced their understanding of startup culture, innovation management, and business resilience. Through interactive discussions and meaningful engagement with the speakers, participants gained practical insights into opportunity recognition, risk management, leadership, and organizational growth strategies.

Entrepreneurial Yatra 2025 served as an enriching platform for students to interact with entrepreneurs from diverse professional backgrounds and gain a deeper understanding of business operations, startup challenges, and market dynamics. The event further encouraged meaningful discussions on entrepreneurship, leadership, and innovation through the sharing of real-world experiences and industry perspectives, inspiring students to explore entrepreneurial opportunities and think creatively about future business ventures.

The panel discussion featured distinguished entrepreneurs and industry professionals, including Mr. Diwash Thapa, Managing Director of Talent Connects; Ms. Dipa Gurung, Founder of Pari Cosmetics; Mr. Prashraya Ratna Tuladhar, Founder and Executive Creative Director of Ads Agency; and Ms. Sandhya KC, Founder of Salt. The panelists shared their entrepreneurial journeys, highlighting the challenges they encountered, the strategic decisions they made, and the leadership experiences that contributed to the growth of their ventures. Their discussions offered valuable insights into business establishment, branding, consumer engagement, innovation, and sustainability within Nepal's evolving entrepreneurial ecosystem.

Ace Institute of Management participated in **IIC Innovex 3.0**, an inter-college business competition organized by Itahari International College from August 20–22, 2025. The event brought together undergraduate students from various academic institutions to compete in business and management-based challenges designed to assess analytical thinking, teamwork, communication, and problem-solving abilities. Continuing its strong track record in the competition, Ace Institute of Management secured the **Runner-Up** position in the 2025 edition, following its championship victories in 2022 and 2023.

The Ace team comprised undergraduate students **Diran Baniya Kshetri, Reyaz Gautam, Suprina Silwal and Abhidha Shrestha**, under the guidance of faculty mentor **Rohish Suwal**. Throughout the competition, the team participated in a range of event segments that required strategic planning, presentation skills, decision-making, and collaborative execution. Their performance reflected strong preparation, effective teamwork, and practical application of business and management concepts in a competitive setting.

The competition provided students with valuable exposure to inter-college collaboration, experiential learning, and real-world business simulations. Participation in Innovex 3.0 contributed to the development of essential professional competencies, including leadership, adaptability, communication, and critical thinking. It also reinforced Ace Institute of Management's commitment to fostering academic excellence and active engagement in business and entrepreneurial activities beyond the classroom.

RURAL MARKETING TRIP TO KAKANI VILLAGE

On Tuesday, July 1, 2025, a group of 18 students, accompanied by Ms. Romi Nakarmi and Ms. Archana Shakya, participated in a Rural Marketing Survey aimed at gaining practical insights into the consumption patterns and purchasing behavior of consumers in rural communities. The academic field visit commenced at 7:00 AM and concluded at approximately 3:00 PM. Organized as part of Rural Marketing concentration, the initiative was designed to bridge theoretical concepts with real-world market analysis and community-based research practices.

During the visit, students interacted directly with local residents to collect primary data on the consumption and accessibility of essential household products such as toothpaste, soap, detergents, and other daily necessities.

The survey focused on key factors including product preferences, price sensitivity, perceived quality, purchasing frequency, brand awareness, and distribution channels within rural markets. Through structured interviews and observation, participants gained valuable insights into rural consumer decision-making processes and the influence of affordability and product availability on purchasing behavior.

The field study served as an important experiential learning opportunity, enabling students to apply marketing research methodologies in a practical setting. In addition to strengthening their analytical, research, and communication skills, the program enhanced participants' understanding of rural market structures and consumer engagement strategies. The visit also highlighted the importance of grassroots-level market research in developing sustainable, inclusive, and effective marketing approaches for diverse consumer segments.

EXPANDING HORIZONS: ACERS EXPLORE THAILAND

Education at Ace Undergraduate School has always extended beyond the traditional classroom, encouraging students to develop a global perspective and gain meaningful international exposure. This commitment came to life from June 6-11, 2025, when Acers embarked on an unforgettable six-days five-nights educational tour to Thailand.

Accompanied by faculty member Mr. Rajat Bajracharya, whose guidance and mentorship made the experience both enriching and enjoyable, the students explored dynamic international destinations that offered a blend of cultural learning, academic exposure, and recreational activities. The tour provided participants with an opportunity to observe real-world economic and management practices in an international context while broadening their understanding of global cultures and business environments.

The journey began in Bangkok, from where the group traveled to Pattaya to experience the city's vibrant atmosphere and attractions. The following day, students visited Coral Island, enjoying a variety of recreational activities, including banana boat rides and jet skiing, before exploring a local night market. On the third day, the group returned to Bangkok and enjoyed a memorable evening cruise dinner featuring live music and scenic views of the city.

The adventure continued on the fourth day with exciting jungle and water safari experiences, followed by leisure time at Bangkok's bustling night markets. Day five was dedicated to exploring some of the city's renowned shopping centers, allowing students to experience Bangkok's vibrant retail culture. The tour concluded on the sixth day with a visit to a traditional temple, providing an opportunity to appreciate Thailand's rich cultural and spiritual heritage before returning to Nepal.

The educational tour successfully combined learning, cultural immersion, and personal development, creating lasting memories while strengthening students' global outlook and appreciation for international experiences.

"The Thailand trip was honestly one of the best experiences for me. Going with my friends from Ace made everything ten times more fun! We got to experience both chaotic city life and peaceful beach vibes at the same time. My absolute favorites were the beautiful dinner cruise, with its amazing food, music, and lights, and Coral Island's perfect mix of adventure and relaxation. From Bangkok shopping and massages to random 7/11 runs, every moment was unforgettable. But honestly, what made the trip truly special was the people. The laughter, inside jokes, and memories we made together will stay with me forever."

Kritisha Baral, Student, BBA

MARKETPLACE: TRANSLATION OF THEORY INTO PRACTICE

In the true spirit of our progressive philosophy of promoting hands-on learning experiences, Ace Undergraduate School was proud to host its “Marketplace” event on Thursday, June 26, 2025. As part of our Ace Spectrum series, we transformed the vibrant Ace Courtyard into a dynamic business hub that provided students with an opportunity to engage in real-world business practices.

Marketplace served as a platform for our emerging student entrepreneurs to bridge the gap between classroom theories and practical business application.

From developing business pitches, and setting up vendor booths, to managing supply chains, handling cash flow, and implementing live guerrilla marketing strategies, student teams demonstrated their entrepreneurial skills and business acumen throughout the event.

The day-long activity generated significant enthusiasm among students, faculty members, and corporate delegates who visited to explore the diverse range of ideas and ventures developed by our students. By effectively integrating theoretical concepts with real-world consumer behavior, the event became one of the most memorable experiential learning opportunities of the year, equipping students with essential skills for future success in the business world.

ACE SPECTRUM: SIMULATING THE CORPORATE BATTLEFIELD

When it comes to encouraging healthy competition, showcasing diverse talents, and bringing together the student community, few events can match the energy of Ace Spectrum. Spanning over two exciting days from June 28 to 29, 2025, this year's Ace Spectrum transformed the college grounds into a vibrant arena of intellect, creativity, and strategy.

Carefully organized by Rahul, Daxyata, and a dedicated student team, the festival attracted participants from leading management colleges across the region. Each sub-event featured intense competition as participants challenged themselves to secure the top position. After two days of thrilling performances and strategic contests, Islington College emerged as the champion, taking home the coveted first-place trophy. SAIM followed with an impressive performance, securing second place, while Apex College claimed third place.

Beyond the trophies and accolades, Ace Spectrum 2025 reminded us of what the "Aceperience" truly represents—healthy friendships, mutual growth, and the celebration of the limitless potential of today's youth.

Participants were rigorously evaluated on practical skills, adaptability, and performance across key domains of organizational management, including business strategy, human resource management, marketing, financial management, group tasks, and legal affairs. Behind the success of the event was a dedicated team of organizers who worked tirelessly behind the scenes to ensure its smooth execution.

One such organizer was Akash Pokhrel, who played an active role in coordinating various aspects of the event. He shares his experience below:

"It has been a great experience for me to be associated with Ace Spectrum. I gained practical experience while working in different departments, particularly finance. However, the real lesson that I have learned from this experience is that of coordination, networking, and team spirit."

Akash Pokhrel, Student, BBA

ACE EXPRESS 2025

“Step Up, Speak Out, Let Your Voice Be Heard.”

The greatest asset of Ace Institute of Management is its students. Ace is committed to shaping individuals who are willing to step beyond their comfort zones, think critically, communicate confidently, and embrace creativity. By fostering confidence, presence of mind, and spontaneity, Ace creates a dynamic and competitive environment where Acers can learn, grow, and discover their true potential.

One of the most exciting and impactful platforms that embodies this spirit is Ace Express 2025, a spontaneous public speaking competition exclusively organized for second-semester students. The competition challenges participants to think critically, articulate their ideas effectively, and communicate with confidence under pressure.

The competition follows a rigorous selection process. From each second-semester class, only the top two speakers qualify for the second round. Participants then progress through successive elimination rounds based on their speaking performances, with only a select few advancing to the grand finale held in the Auditorium Hall. Contestants are given topics on the spot and are required to speak spontaneously for five minutes, making the competition a true test of confidence, creativity, vocabulary, spontaneity, and presence of mind.

Through every stage of the competition, Ace Express encourages students to refine their public speaking abilities, strengthen essential soft skills, and confidently express their perspectives in unexpected situations. More than just a competition, it serves as a platform where students discover their voices, transform nervousness into confidence, and develop the ability to communicate effectively and persuasively.

Held on July 24, 2025, in the Auditorium Hall, Ace Express 2025 showcased remarkable talent, confidence, and creativity. Through multiple competitive rounds, participants demonstrated not only their speaking abilities but also their capacity to think critically and express ideas under pressure. Among the outstanding finalists, Ms. Mehak Shrestha secured first place, while Mr. Sambhrant Acharya and Ms. Namami Shakya earned second and third places, respectively, reflecting the true spirit and purpose of Ace Express.

GUEST SESSION BY SOHAN BABU KHATRI

Launch Smart:
What Every Future Manager Must Know about Startups

On Monday, May 5, 2025, Ace Institute of Management successfully conducted a guest session titled “Launch Smart: What Every Future Manager Must Know About Startups” for undergraduate students. The session was facilitated by Sohan Babu Khatri, who shared valuable insights into the startup ecosystem and the key factors that contribute to building and managing successful ventures.

During the session, Mr. Khatri discussed the importance of innovation, strategic planning, leadership, and adaptability in the world of startups. He also highlighted the challenges faced by emerging businesses and explained how future managers can develop entrepreneurial thinking, problem-solving abilities, and effective decision-making skills to thrive in dynamic business environments. Through engaging presentations and real-world examples, students gained practical exposure to the realities of startups and modern management practices.

The interactive session encouraged students to think creatively and develop a deeper understanding of entrepreneurship and business leadership. It also inspired them to explore opportunities within the startup industry while enhancing the managerial and communication skills necessary for their future careers.

GUEST SESSION BY SUJAN SHRESTHA

“Problems and Prospects of Insurance in Nepal”

On Friday, May 9, 2025, a guest session on the topic “Problems and Prospects of Insurance in Nepal” was conducted by Mr. Sujan Shrestha from Himalayan Everest Insurance Ltd. The session was attended by management students and focused on providing insights into the current state and future prospects of Nepal’s insurance industry.

During the session, Mr. Shrestha shared valuable insights into the major challenges faced by the insurance sector, including low public awareness, limited financial literacy, and the need to build greater trust and accessibility among customers.

He also discussed the growing opportunities within the industry, emphasizing the importance of innovation, customer service, risk management, and effective marketing strategies in strengthening Nepal’s insurance sector.

Through practical examples and professional experiences, students gained a deeper understanding of the role of insurance in promoting economic security and financial stability. The interactive session provided valuable industry exposure while encouraging students to explore career opportunities and develop a broader understanding of Nepal’s financial and business environment.

ACE UNPLUGGED

On Friday, May 23, 2025, Ace Institute of Management successfully organized Ace Unplugged 2025, one of the institute's most anticipated events, at Ace Courtyard. The event brought together students, performers, and the entire Ace community for a vibrant celebration filled with music, entertainment, games, and memorable experiences.

The event featured soulful musical performances, exciting activities, and an energetic atmosphere that kept the audience engaged throughout the day. Students actively participated in various performances and interactive games, showcasing their creativity, talent, and enthusiasm. The lively crowd and enthusiastic participation further contributed to the success and spirit of the event.

Ace Unplugged 2025 provided students with an opportunity to relax, connect, and celebrate beyond academics while fostering friendship, teamwork, and a vibrant cultural environment at Ace. The event concluded on a high note, leaving participants with unforgettable memories and experiences.

“Ace Unplugged 2025 was truly one of the most memorable events at Ace. The performances, games, and overall energy of the crowd made the entire experience exciting and enjoyable. It was a wonderful opportunity for students to showcase their talents, bond with friends, and create unforgettable memories together.”

Shuvam Dev Pandeya, Student, BBA

ACE ANNUAL DRAMA 2025

Ace Institute of Management breaks away from the traditional idea of an academic institution by embracing modern values where academics, creativity, engagement, and collaboration grow together. Ace believes that learning is not limited to the classroom alone. Instead, it encourages students to explore real-life experiences, take on leadership roles, build meaningful connections, and express themselves through various events and activities. By constantly supporting students at every step of their journey, Ace creates an environment where students not only excel academically but also grow personally and professionally. If you ask Acers what truly makes Ace special, many would undoubtedly say it is the perfect balance between academics and extracurricular activities. Among the many opportunities provided by Ace, one of the most anticipated and celebrated events is the Ace Annual Drama, a theatrical production organized and performed by undergraduate students. Since 2013, the Annual Drama has continued to grow each year, bringing together passionate students through auditions, workshops, creative sessions, rehearsals, and months of dedication to create a performance that leaves a lasting impact on both the audience and the performers themselves. The event not only showcases artistic talent but also strengthens teamwork, confidence, discipline, and collaboration among students.

Ace Annual Drama 2025 proudly presents Benumbari, written and directed by Birat Dahal. Deeply connected to today's generation, Benumbari captures the emotions, struggles, insecurities, relationships, ambitions, and silent battles faced by modern youth. Through emotionally rich storytelling and relatable experiences, the drama beautifully reflects the realities of Gen Z while portraying the vulnerability, resilience, confusion, hope, and strength of young people in today's rapidly changing world. More than just a performance, Benumbari becomes a voice for emotions often left unspoken, allowing audiences to feel understood, connected, and emotionally moved. The dedication and passion of all those involved make the Ace Annual Drama a truly mesmerizing and captivating experience.

The show took place at Mandala Theatre, Thapagaun, on July 4, 2025, at 1:00 PM and 5:30 PM, and on July 5, 2025, at 12:00 PM and 4:00 PM. The production was by @re_play_films, with marketing partnership from @claywayscommunication.

STRATEGIC MANAGEMENT PROJECT: FIELD TRIP TO BARAHSINGHE

The true essence of management lies not only in learning theories inside the classroom but also in applying them to real-life situations through confidence, strategy, teamwork, and effective decision-making. Ace Institute of Management continuously focuses on shaping students through practical experiences that enable them to understand the real-world implications of business, finance, budgeting, communication, and strategic thinking. One of the most engaging and impactful examples of experiential learning is the BBA-BI 8th Semester Strategic Management Project, where students move beyond theoretical knowledge and gain firsthand experience in business operations and management.

Conducted on Friday, June 13, 2025, the project served as a platform for BBA-BI students to experience the realities of planning, organizing, managing, and operating within a business environment. As part of the project, students participated in a finance field trip to Barahsinghe, where each group collaborated with a company and operated a stall for two days.

Throughout the project, students independently managed budgeting, pricing, costing, profit analysis, and overall financial planning, allowing them to experience the responsibilities and challenges of real-world business operations.

More than just an academic exercise, the Strategic Management Project encouraged students to develop leadership, teamwork, problem-solving, communication, and strategic decision-making skills under practical conditions. From managing customer interactions to maintaining financial records and maximizing profitability, every aspect of the experience challenged students to think critically and work collaboratively while balancing creativity with sound business strategies.

The project not only strengthened students' managerial and financial understanding but also provided valuable exposure to real-market environments where learning extends beyond textbooks and classroom presentations. Indeed, it served as a meaningful platform for students to transform theoretical concepts into practical experiences while gaining a deeper understanding of the realities of business management and entrepreneurship.

PRARAMBHA SESSION WITH SAURABH JYOTI

Inspires Grade 12 Graduates

On Friday, June 20, 2025, an insightful and engaging Prarambha Session was conducted for Grade 12 graduates, featuring renowned industrialist and business leader Mr. Saurabh Jyoti as the keynote speaker. Specially curated to guide students as they transition into higher education and professional life, the session focused on ambition, adaptability, leadership, and the evolving realities of the modern world.

Drawing from his extensive entrepreneurial journey and industry experience, Mr. Jyoti shared valuable perspectives on personal growth, decision-making, innovation, and the importance of resilience in a rapidly changing environment. His practical insights and authentic storytelling resonated strongly with the students, encouraging them to think beyond conventional paths and approach future opportunities with confidence and clarity.

The session created an interactive learning environment where students were able to reflect on their aspirations, understand real-world dynamics, and gain exposure to the mindset required for long-term success. Through meaningful discussions and motivational reflections, the program successfully bridged academic learning with professional realities.

Prarambha served not only as a platform for guidance and inspiration but also as an opportunity for students to embrace new beginnings with purpose, curiosity, and a broader vision for their personal and professional journeys.

INSURANCE MEET MAPPING THE TRENDS OF RISK MANAGEMENT

In today's ever-evolving corporate environment, it is essential for future managers to stay informed about regulatory developments and changing market dynamics. With this objective, Ace Undergraduate School organized Insurance Meet on Wednesday, June 25, 2025. This insightful and technically enriching discussion program was successfully conducted by our final-year eighth-semester students.

The seminar served as an important platform connecting aspiring learners with experienced industry professionals. We were honored to host a distinguished panel comprising Surendra Thapa, Komal Gautam, and Sushil Dev Subedi. The panelists shared valuable insights drawn from their extensive professional experience, focusing on the evolving landscape of reinsurance in Nepal and broader trends within the Nepalese insurance industry.

During the event, the guest speakers discussed regulatory frameworks, corporate governance practices, and emerging risk management strategies shaping the insurance sector. Students actively engaged with the panelists, raising thoughtful questions regarding market stability, consumer trust, and the importance of risk diversification in business decision-making.

Through these insightful discussions and practical perspectives, the Insurance Meet provided final-year students with valuable exposure to the field of risk management and the insurance industry. The session enhanced their understanding of contemporary industry challenges and opportunities while equipping them with knowledge to make informed decisions in their future professional careers.

On Monday, May 12, 2025, a guest lecture on the topic “Organizational Dynamics, Leadership, and Communication Synergy” was conducted by Ms. Amud Mishra, Founder and Executive Director of the Ujyalo Foundation. Ujyalo Foundation is a Nepal-based non-profit organization dedicated to promoting women’s leadership, community empowerment, innovation, and sustainable development.

The session was attended by second-semester students of BBA and BBA Finance. During the lecture, Ms. Mishra shared valuable insights into organizational dynamics and explained how leadership and communication play a vital role in fostering teamwork, motivation, and a positive workplace culture. She further discussed the importance of effective communication, collaboration, adaptability, and decision-making in addressing workplace challenges and achieving organizational goals.

The interactive session provided students with practical insights into professional leadership and communication while encouraging them to develop the confidence and interpersonal skills necessary for their future careers.

“Attending the guest lecture on Organizational Dynamics, Leadership, and Communication Synergy was a truly insightful experience. Ms. Amud Mishra shared valuable knowledge and practical perspectives on leadership and communication that inspired us to think beyond academics. I am grateful for the opportunity to learn from such an experienced speaker.”
